SEMPRA ENERGY REPORTS STRONG FIRST-QUARTER 2021 EARNINGS RESULTS

SAN DIEGO, May 5, 2021 – Sempra Energy (NYSE: SRE) today announced first-quarter 2021 earnings of \$874 million, or \$2.87 per diluted share, compared to first-quarter 2020 earnings of \$760 million, or \$2.53 per diluted share. On an adjusted basis, the company's first-quarter 2021 earnings were \$900 million, or \$2.95 per diluted share, compared to \$741 million, or \$2.47 per diluted share, in the first quarter of 2020.

"Over the last several years, we have narrowed our market focus, expanded investment in our utilities and worked hard to improve safety and operating results," said Jeffrey W. Martin, chairman and CEO of Sempra Energy. "Taken together, these activities also support our financial commitments and, in part, are reflected in the strength of our first quarter results. The company is well positioned to deliver another strong year of financial performance."

Sempra Energy*

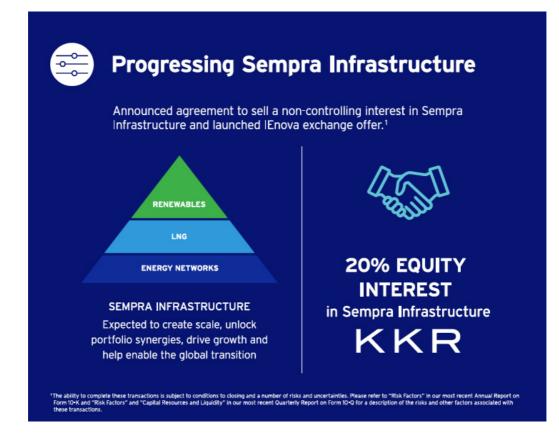

Q1 2021 Earnings

"Over the last several years, we have narrowed our market focus, expanded investment in our utilities and worked hard to improve safety and operating results. Taken together, these activities also support our financial commitments and, in part, are reflected in the strength of our first quarter results. The company is well positioned to deliver another strong year of financial performance."

- Jeffrey W. Martin, Chairman and CEO, Sempra Energy

The reported financial results reflect certain significant items as described on an after-tax basis in the following table of GAAP (generally accepted accounting principles in the United States of America) earnings, reconciled to adjusted earnings, for the first quarter of 2021 and 2020.

		Three mor Marc	nths endeo ch 31,	d
(Dollars, except EPS, and shares in millions)	2	2021		2020
		(Unai	udited)	
GAAP Earnings	\$	874	\$	760
Impact from Foreign Currency and Inflation and Associated Undesignated Derivatives ⁽¹⁾		(3)		(150)
Net Unrealized Losses (Gains) on Commodity Derivatives ⁽¹⁾		29		(41)
Impacts Associated with Aliso Canyon Litigation		_		72
Losses from Investment in RBS Sempra Commodities LLP		_		100
Adjusted Earnings ⁽²⁾	\$	900	\$	741
Diluted Weighted-Average Common Shares Outstanding		308		314
GAAP EPS ^{(3).(4)}	\$	2.87	\$	2.53
Diluted Weighted-Average Common Shares Outstanding		308		314
Adjusted EPS ^{(2),(3),(4)}	\$	2.95	\$	2.47

¹⁾ Q1-2020 Adjusted Earnings and Adjusted earnings-per-common-share (EPS) have been updated to exclude this item to conform to current year presentation. ²⁾ Represents a non-GAAP financial measure. Q1-2020 Adjusted Earnings and Adjusted EPS have been updated to exclude additional items to conform to current year

presentation. See Table A for information regarding non-GAAP financial measures and descriptions of adjustments.

³⁾ To calculate Q1-2021 GAAP EPS and Adjusted EPS, preferred dividends of \$10 million are added back to GAAP Earnings and Adjusted Earnings because of the dilutive effect of Series B mandatory convertible preferred stock in the quarter.

⁴⁾ To calculate Q1-2020 GAAP EPS and Adjusted EPS, preferred dividends of \$36 million are added back to GAAP Earnings and Adjusted Earnings because of the dilutive effect of Series A and Series B mandatory convertible preferred stock in the quarter.

Building Resiliency in California Utilities

Sempra Energy's California utilities, San Diego Gas & Electric Co. (SDG&E) and Southern California Gas Co. (SoCalGas), both recently announced net-zero emissions goals, contributing to Sempra Energy's overall efforts to help shape a more sustainable future. In March 2021, SoCalGas announced its goal to achieve net-zero greenhouse gas (GHG) emissions in its operations and delivery of energy by 2045. With this commitment, SoCalGas becomes the largest gas distribution utility in North America to set a net-zero GHG emissions target across all three scopes.

Building on the sustainability strategy SDG&E released last October and its goal to reach net-zero GHG emissions by 2045, the utility announced it is developing two hydrogen pilot projects, it is nearing completion of an additional battery storage facility and it has begun construction on another, while also launching a vehicle-to-grid pilot program featuring electric school buses, among other efforts.

Additionally, SDG&E and SoCalGas recently received a proposed decision for attrition rates for 2022 and 2023, providing improved visibility into funding in support of safety and reliability programs. SDG&E's attrition rate would be 3.92% for 2022 and 3.7% for 2023, and SoCalGas' attrition rate would be 4.53% for 2022 and 3.97% for 2023.

Continuing Growth at Oncor

In Texas, Oncor Electric Delivery Company LLC (Oncor) continues to play a key role in meeting the growing energy needs of Texas' economy through the execution of its 2021-2025 capital plan. In the first quarter of 2021, Oncor continued to see strong organic growth and connected approximately 19,000 new premises, compared to approximately 18,000 in the first quarter of 2020.

Making Progress on Sempra Infrastructure

Last month, Sempra Energy announced that it has entered into a definitive agreement to sell a non-controlling 20% interest in Sempra Infrastructure to KKR for \$3.37 billion in cash, subject to adjustments. The transaction values Sempra Infrastructure at approximately \$25.2 billion, including expected asset-related debt at closing of \$8.37 billion. Proceeds from the sale will be used to help fund growth in Sempra Energy's U.S. utilities and to further strengthen the company's balance sheet. The sale is expected to be accretive to earnings. The transaction is forecasted to be completed in mid-2021, subject to customary closing conditions, including consents from third parties and regulators.

On April 26, 2021, Sempra Energy launched its exchange offer to acquire all the outstanding shares of Infraestructura Energética Nova, S.A.B. de C.V. (IEnova) not owned by Sempra Energy. As part of the exchange offer, Sempra Energy intends to list its shares of common stock on the Mexican stock exchange (Bolsa Mexicana de Valores, S.A.B de C.V.). The exchange offer is expected to be completed by the end of May.

Additionally, IEnova continues to advance its development projects in Mexico with a focus on improving the country's energy security. In March, IEnova achieved commercial operations on its Border Solar project, a 150-megawatt solar facility in northern Mexico, and completed the acquisition of the remaining 50% equity interest in Energía Sierra Juárez, a cross-border wind generation complex in Baja California, Mexico.

Earnings Guidance

Sempra Energy is updating its full-year 2021 GAAP EPS guidance range to \$7.42 to \$8.02 and affirming its full-year 2021 adjusted EPS guidance range of \$7.50 to \$8.10.

Non-GAAP Financial Measures

Non-GAAP financial measures include Sempra Energy's adjusted earnings, adjusted EPS and adjusted EPS guidance range. See Table A for additional information regarding these non-GAAP financial measures.

Internet Broadcast

Sempra Energy will broadcast a live discussion of its earnings results over the Internet today at 12 p.m. ET with senior management of the company. Access is available by logging onto the website at www.sempra.com. For those unable to log on to the live webcast, the teleconference will be available on replay a few hours after its conclusion by dialing (888) 203-1112 and entering passcode 6657833.

About Sempra Energy

Sempra Energy's mission is to be North America's premier energy infrastructure company. The Sempra Energy family of companies have more than 19,000 talented employees who deliver energy with purpose to over 36 million consumers. With more than \$66 billion in total assets at the end of 2020, the San Diego-based company is the owner of one of the largest energy networks in North America serving some of the world's leading economies. The company is helping to advance the global energy transition by enabling the delivery of lower-carbon energy solutions in each market it serves, including California, Texas, Mexico and the LNG export market. Sempra Energy is consistently recognized as a leader in sustainable business practices and for its long-standing commitment to building a high-performing culture including safety, workforce development and training, and diversity and inclusion. Sempra Energy is the only North American utility sector company included on the Dow Jones Sustainability World Index and was also named one of the "World's Most Admired Companies" for 2021 by Fortune Magazine. For additional information about Sempra Energy, please visit Sempra Energy's website at www.sempra.com and on Twitter @SempraEnergy.

Table A (Continued)

RECONCILIATION OF SEMPRA ENERGY ADJUSTED EARNINGS TO SEMPRA ENERGY GAAP EARNINGS (Unaudited)

Sempra Energy Adjusted Earnings and Adjusted EPS exclude items (after the effects of income taxes and, if applicable, noncontrolling interests) in 2021 and 2020 as follows:

Three months ended March 31, 2021:

- \$3 million impact from foreign currency and million are used.
 \$(29) million net unrealized losses on commodity derivatives \$3 million impact from foreign currency and inflation and associated undesignated derivatives

Three months ended March 31, 2020:

- \$150 million impact from foreign currency and inflation and associated undesignated derivatives
- \$41 million net unrealized gains on commodity derivatives
- \$(72) million from impacts associated with Aliso Canyon natural gas storage facility litigation at Southern California Gas Company (SoCalGas)
- \$(100) million equity losses at RBS Sempra Commodities LLP, which represents an estimate of our obligations to settle pending fax matters and related legal costs at our equity method investment at Parent and Other

Sempra Energy Adjusted Earnings and Adjusted EPS are non-GAAP financial measures (GAAP represents generally accepted accounting principles in the United States of America). These non-GAAP financial measures exclude significant items that are generally not related to our ongoing business activities and/or are infrequent in nature. These non-GAAP financial measures exclude the impact from foreign currency and inflation effects and associated undesignated derivatives and unrealized gains and losses on commodity derivatives, which we expect to occur in future periods, and which can vary significantly from one period to the next. Exclusion of these items is useful to management and investors because it provides a meaningful comparison of the performance of Sempra Energy's business operations to prior and future periods. Non-GAAP financial measures are supplementary information that should be considered in addition to, but not as a substitute for, the information prepared in accordance with GAAP. The table below reconciles for historical periods these non-GAAP financial measures to Sempra Energy GAAP Earnings and GAAP EPS, which we consider to be the most directly comparable financial measures calculated in accordance with GAAP.

(1)

Income taxes were primarily calculated based on applicable statutory tax rates. We did not record an income tax benefit for the equity losses from our investment in RBS Sempra Commodities LLP because, even though a portion of the liabilities may be deductible under United Kingdom tax law, it is not probable that the deduction will reduce United Kingdom taxes. Adjusted Earnings, Adjusted Earnings, Adjusted Earnings for Adjusted EPS and Adjusted EPS have been updated to reflect impact from foreign currency and inflation and associated undesignated derivatives and net unrealized gains on commodity derivatives for the three months ended March 31, 2020. (2)

SEMPRA ENERGY Table A (Continued)

RECONCILIATION OF SEMPRA ENERGY 2021 ADJUSTED EPS GUIDANCE RANGE TO SEMPRA ENERGY 2021 GAAP EPS GUIDANCE RANGE (Unaudited)

- Sempra Energy 2021 Adjusted EPS Guidance Range of \$7.50 to \$8.10 excludes items (after the effects of income taxes and, if applicable, noncontrolling interests) as follows: \$3 million impact from foreign currency and inflation and associated undesignated derivatives for the three months ended March 31, 2021 \$(29) million net unrealized losses on commodity derivatives for the three months ended March 31, 2021

Sempra Energy 2021 Adjusted EPS Guidance is a non-GAAP financial measure. This non-GAAP financial measure excludes the impact from foreign currency and inflation and associated undesignated derivatives and unrealized gains and losses on commodity derivatives, which we expect to occur in future periods, and which can vary significantly from one period to the next. Exclusion of these items is useful to management and investors because it provides a meaningful comparison of the performance of Sempra Energy's business operations to prior and future periods. Sempra Energy 2021 Adjusted EPS Guidance Range should not be considered an alternative to Sempra Energy 2021 GAAP EPS Guidance Range. Non-GAAP financial measures are supplementary information that should be considered in addition to, but not as a substitute for, the information prepared in accordance with GAAP. The table below reconciles Sempra Energy 2021 Adjusted EPS Guidance Range to Sempra Energy 2021 GAAP EPS Guidance Range, which we consider to be the most directly comparable financial measure calculated in accordance with GAAP.

RECONCILIATION OF ADJUSTED EPS GUIDANCE RANGE TO GAAP EPS GUIDANCE RANGE

	Full-Ye	ear 2021	
Sempra Energy GAAP EPS Guidance Range ⁽¹⁾	\$ 7.42	to \$	8.02
Excluded items:			
Impact from foreign currency and inflation and associated undesignated derivatives	(0.01)		(0.01)
Net unrealized losses on commodity derivatives	0.09		0.09
Sempra Energy Adjusted EPS Guidance Range	\$ 7.50	to \$	8.10
Weighted-average common shares outstanding, diluted (millions) ⁽²⁾			308

(1) Sempra Energy's prior GAAP EPS Guidance Range for full-year 2021 of \$7.50 to \$8.10 has been updated to reflect the impact from foreign currency and inflation and undesignated derivatives and net unrealized losses on commodity derivatives for the three months ended March 31, 2021.

(2) Weighted-average common shares outstanding does not include the dilutive effect of mandatory convertible preferred stock, as they are assumed to be antidilutive for fullyear 2021. If such mandatory convertible preferred stock were dilutive for the full year, the 2021 GAAP EPS Guidance Range would differ from the range presented above.

(1) Management believes Income (Loss) Before Interest and Tax is a useful measurement of our segments' performance because it can be used to evaluate the effectiveness of our operations exclusive of interest and income tax, neither of which is directly relevant to the efficiency of those operations.
