About SoCalGas

Headquartered in Los Angeles, [SoCalGas®](#) is the [largest natural gas distribution utility](#) in the United States, providing clean, safe, affordable and reliable natural gas service to 21.7 million customers in Central and Southern California. Its service territory spans [22,000 square miles](#) from Fresno to the Mexican border, reaching more than [550 communities](#) through 5.9 million meters and 101,000 miles of pipeline. More than 90 percent of Southern California single-family home residents use natural gas for home heat and hot water. In addition, natural gas plays a key role in providing electricity to Californians—about [60 percent of electric power generated](#) in the state comes from gas-fired power plants.

SoCalGas has served communities in California for [150 years](#) and is committed to being a leader in the region's clean energy future. The company is working to accelerate the use of [renewable natural gas](#), a carbon-neutral or carbon-negative fuel created by capturing and conditioning greenhouse gas emissions from farms, landfills and wastewater treatment plants. SoCalGas is a subsidiary of [Semptra Energy](#) (NYSE: SRE), a Fortune 500 energy services holding company based in San Diego.
