SEMPRA ENERGY'S THIRD-QUARTER 2011 EARNINGS PER SHARE RISE

- **Quarterly Earnings per Share of \$1.22 Reflect Strong Operating Results, Growth Across Businesses**
- **Company Reaffirms 2011 Earnings-per-Share Guidance of \$4 to \$4.30, Excluding Gain on South American Utility Acquisitions**

SAN DIEGO, Nov. 3, 2011 – Sempra Energy (NYSE: SRE) today reported third-quarter 2011 earnings of \$296 million, or \$1.22 per diluted share, up from \$131 million, or \$0.53 per diluted share, in the third quarter 2010.

Third-quarter 2010 results included an after-tax charge of \$139 million, or \$0.56 per diluted share, from the write-down of Sempra Energy's investment in the RBS Sempra Commodities joint venture, which was sold last year.

Sempra Energy's earnings for the first nine months of 2011 were \$1.1 billion, or \$4.40 per diluted share, up from \$459 million, or \$1.84 per diluted share, in the same period last year. Excluding a second-quarter 2011 gain of \$277 million related to the South American utility acquisitions, Sempra Energy's nine-month earnings in 2011 were \$788 million, or \$3.26 per diluted share.

"Based on our excellent results in the third quarter and continued progress on our major projects, we expect to meet our financial and operational objectives for the year," said Debra L. Reed, chief executive officer of Sempra Energy.

In September, Sempra Energy announced several key executive appointments. Additionally, the company announced that, effective Jan. 1, 2012, its Sempra Generation, Sempra Pipelines & Storage and Sempra LNG subsidiaries will be consolidated into two new operating units: Sempra International and Sempra U.S. Gas & Power.

OPERATING HIGHLIGHTS

San Diego Gas & Electric

Earnings for San Diego Gas & Electric (SDG&E) increased to \$113 million in the third quarter 2011 from \$106 million in last year's third quarter, due primarily to higher earnings for construction projects in progress, including the Sunrise Powerlink transmission line.

For the first nine months of 2011, SDG&E's earnings were \$273 million, compared with \$264 million in the first nine months of 2010.

Southern California Gas Co.

Southern California Gas Co. (SoCalGas) earnings were \$81 million in the third quarter 2011, compared with \$78 million in the third quarter 2010.

For the nine-month period, SoCalGas' earnings were \$208 million in 2011, compared with \$212 million last year.

Sempra Generation

In the third quarter 2011, Sempra Generation's earnings were \$49 million, compared with \$59 million in the prior-year's quarter, primarily due to lower earnings from the company's natural gas-fired power plants, partially offset by an income-tax benefit.

For the first nine months of 2011, Sempra Generation's earnings rose to \$143 million from \$60 million in the first nine months of 2010. The nine-month results in 2010 included a charge of \$86 million related to a litigation settlement.

Sempra Pipelines & Storage

Third-quarter earnings for Sempra Pipelines & Storage increased to \$66 million in 2011 from \$43 million last year, due primarily to the company's increased ownership in the South American utilities and a foreign-currency gain in Chile.

For the nine-month period, earnings for Sempra Pipelines & Storage rose to \$457 million in 2011 from \$120 million in 2010. The nine-month earnings for 2011 included the second-quarter gain of \$277 million related to the South American utility acquisitions.

Sempra LNG

Sempra LNG earned \$24 million in the third quarter 2011, up from \$5 million in last year's third quarter, due primarily to additional revenues for contracted cargoes that were not delivered.

In the first nine months of 2011, Sempra LNG earnings rose to \$75 million from \$50 million in the same period last year.

Earnings Outlook

Sempra Energy today reaffirmed its earnings-per-share guidance for 2011 of \$4 to \$4.30, excluding the gain related to the South American utility acquisitions in the second quarter 2011. On a GAAP basis, the company's earnings-per-share guidance for 2011 is \$5.14 to \$5.44.

Internet Broadcast

Sempra Energy will broadcast a live discussion of its earnings results over the Internet today at 1 p.m. EDT with senior management of the company. Access is available by logging onto the website at www.sempra.com. For those unable to log onto the live webcast, the teleconference will be available on replay a few hours after its conclusion by dialing (888) 203-1112 and entering passcode 1645521.

Sempra Energy, based in San Diego, is a Fortune 500 energy services holding company with 2010 revenues of \$9 billion. The Sempra Energy companies' 17,500 employees serve more than 31 million consumers worldwide.

Non-GAAP Financial Measures

The 2011 nine-month earnings for Sempra Energy and Sempra Energy's 2011 earnings-per-share guidance excluding the gain on the South American utility acquisitions are non-GAAP financial measures. Additional information regarding these non-GAAP financial measures is in the appendix on Table A of the third-quarter financial tables.

RECONCILIATION OF SEMPra ENERGY GAAP EARNINGS TO SEMPra ENERGY ADJUSTED EARNINGS AND 2011 EARNINGS PER SHARE GUIDANCE EXCLUDING GAIN FROM REMEASUREMENT OF EQUITY METHOD INVESTMENTS (Unaudited)

Sempra Energy Adjusted Earnings and Adjusted Earnings Per Share in the nine months ended September 30, 2011 and 2010

earnings per share guidance excluding a \$277 million gain from the remeasurement of equity method investments in Chilquinta Energía and Luz del Sur in the second quarter of 2011 are non-GAAP financial measures (GAAP represents accounting principles generally accepted in the United States). Adjusted Earnings and Adjusted Earnings Per Share in 2010 exclude a \$139 million write-down of our investment in RBS Sempra Commodities in the third quarter and a \$96 million charge for a litigation settlement in the first quarter. Statistics using these amounts, including percentage changes from period to period, also result in non-GAAP measures. Because of the significance and nature of these items, management believes that these non-GAAP financial measures provide a more meaningful comparison of the performance of Sempra Energy's business operations from 2011 to 2010 and to future periods. Accordingly, 2011 guidance of \$4 to \$4.30 per diluted share excludes the second quarter gain of \$277 million, or \$1.14 per diluted share, based on shares outstanding through September 30, 2011. Non-GAAP financial measures are supplementary information that should be considered in addition to, but not as a substitute for, the information prepared in accordance with GAAP. The table below reconciles for historical periods these non-GAAP financial measures to Sempra Energy Earnings and Diluted Earnings Per Common Share, which we consider to be the most directly comparable financial measures calculated in accordance with GAAP.
