

Update on Closing of Sale of Interest in SI Partners

September 22, 2026

As previously announced, in September 2025, Sempra entered into an agreement to sell a 45% equity interest in Sempra Infrastructure Partners, LP (“SI Partners”) to affiliates of Kohlberg Kravis Roberts & Co. L.P. and indirect co-investor Canada Pension Plan Investment Board.

Since signing the agreement, the parties have achieved a number of the conditions to close the sale, including receipt of applicable regulatory approvals, such as antitrust approvals in Mexico and approval by the Federal Energy Regulatory Commission; expiration of the waiting period under the Hart-Scott-Rodino Act; and certain other closing conditions. The parties also have extended to November 27, 2026 their right to terminate the sale agreement if the closing has not occurred by such date. Sempra now expects the sale to close on or before such date, subject to achievement of the remaining closing conditions, including receipt of waivers or consents from certain partners, lenders and others and other customary closing conditions. The parties continue to work collaboratively toward closing the sale.
