#### FORM 8-K

### **Item 2.02** Results of Operations and Financial Condition

The information furnished in this Item 2.02 and in Exhibits 99.1 and 99.2 shall not be deemed to be "filed" for purposes of the Securities Exchange Act of 1934, nor shall it be deemed to be incorporated by reference in any filing of Pacific Enterprises or Southern California Gas Company, whether made before or after the date hereof, regardless of any general incorporation language in such filing.

On May 2, 2007, Sempra Energy, of which Pacific Enterprises and Southern California Gas Company are consolidated subsidiaries, issued a press release announcing consolidated net income of \$228 million, or \$0.86 per diluted share of common stock, for the first quarter of 2007. The press release has been posted on Sempra Energy's website (www.sempra.com) and a copy is attached as Exhibit 99.1.

Concurrently with the website posting of such press release and as noted therein, Sempra Energy also posted its Income Statement Data by Business Unit for the three months ended March 31, 2007 and 2006. A copy of such information is attached as Exhibit 99.2.

The Sempra Energy financial information contained in the press release includes, on a consolidated basis, information regarding Pacific Enterprises' and Southern California Gas Company's results of operations and financial condition.

#### Item 9.01 Financial Statements and Exhibits.

# SEMPRA ENERGY REPORTS FIRST-QUARTER 2007 EARNINGS

- Company on Track to Meet 2007 Earnings-per-Share Guidance of \$3.75 to \$3.95
- Sempra Utilities' Quarterly Net Income Increases 22 Percent

SAN DIEGO, May 2, 2007 – Sempra Energy today reported first-quarter 2007 net income of \$228 million, or \$0.86 per diluted share, compared with \$255 million, or \$0.98 per diluted share, in the first quarter 2006. From continuing operations, Sempra Energy earned \$227 million, or \$0.86 per diluted share, in the first quarter 2007, compared with \$234 million, or \$0.90 per diluted share, in the year-ago period.

First-quarter 2007 results at Sempra Commodities do not reflect \$86 million of natural gas storage and transportation mark-to-market profits, which are deferred under current accounting rules. First-quarter 2006 results did not reflect \$44 million for similar items.

"We are pleased with our operating results in the first quarter, led by the solid performance of Sempra Utilities," said Donald E. Felsinger, chairman and chief executive officer of Sempra Energy. "At Sempra Commodities, we expect the strong economic benefits from our natural gas storage and transportation contracts to be largely recognized in reported results by year-end. Overall, we remain on track to meet our 2007 earnings-per-share guidance of \$3.75 to \$3.95."

-more-

#### SUBSIDIARY OPERATING RESULTS

#### **Sempra Utilities**

Net income for Sempra Utilities -- San Diego Gas & Electric (SDG&E) and Southern California Gas Co. (SoCalGas) -- increased 22 percent to \$117 million in the first quarter 2007 from \$96 million in the first quarter 2006.

SDG&E's first-quarter net income rose to \$62 million in 2007 from \$47 million in 2006, due primarily to higher earnings from the Palomar Energy Center and the San Onofre Nuclear Generating Station.

Net income for SoCalGas rose to \$55 million in the first quarter 2007 from \$49 million in the prior-year's quarter, due to improved operations.

"The majority of our \$11 billion, five-year capital plan is being dedicated to investments in new infrastructure and technology for Sempra Utilities," Felsinger said. "These investments will enhance energy reliability, provide access to renewable resources, reduce customer costs and promote conservation."

On April 12, 2007, the California Public Utilities Commission approved SDG&E's "smart meter" project, which will dramatically change how SDG&E delivers services and will help customers manage their energy usage efficiently. SDG&E plans to spend \$572 million through 2011 to replace an estimated 1.4 million electric meters with smart meters and to retrofit approximately 900,000 gas meters throughout its service territory.

#### **Sempra Commodities**

Sempra Commodities earned \$71 million in the first quarter 2007, compared with \$116 million in the first quarter 2006. Contributing factors included the effect of accounting rules that defer mark-to-market profits on natural gas storage and transportation contracts used in forward-sale transactions and reduced margins in natural gas and power marketing, offset by higher margins in metals.

### **Sempra Generation**

First-quarter net income for Sempra Generation rose to \$54 million in 2007 from \$41 million in 2006, due primarily to a favorable change in mark-to-market earnings on long-term contracts with Sempra Commodities and higher interest income.

-more-

#### Sempra Pipelines & Storage

Net income for Sempra Pipelines & Storage in the first quarter 2007 was \$16 million, compared with \$11 million in the first quarter 2006, due to lower income-tax expense and improved results in its Mexican and South American operations.

On April 19, 2007, Sempra Pipelines & Storage and its partners in the Rockies Express Pipeline project received approval from the Federal Energy Regulatory Commission (FERC) to begin construction on the Rockies Express-West project, which extends the pipeline from Colorado to Missouri. This 713-mile leg of the 1,678-mile natural gas pipeline is expected to be in service in early 2008. Earlier this week, the project partners filed with the FERC for authorization to construct the 638-mile Rockies Express-East pipeline, covering the final leg of the project from Missouri to Ohio. The entire Rockies Express Pipeline project is scheduled for completion in 2009.

#### Sempra LNG

Sempra LNG recorded a net loss of \$10 million in the first quarter 2007, compared with a net loss of \$5 million in the first quarter 2006.

#### **Discontinued Operations**

Sempra Energy's 2007 first-quarter net income included \$1 million in discontinued operations, compared with \$21 million, primarily from asset sales, in the year-ago quarter.

#### INTERNET BROADCAST

Sempra Energy will broadcast a live discussion of its earnings results over the Internet today at 1 p.m. EDT with senior management of the company. Access is available by logging onto the Web site at www.sempra.com. For those unable to log onto the live webcast, the teleconference will be available on replay a few hours after its conclusion by dialing (888) 203-1112 and entering passcode 2247326.

Sempra Energy, based in San Diego, is a Fortune 500 energy services holding company with 2006 revenues of nearly \$12 billion. The Sempra Energy companies' 14,000 employees serve more than 29 million consumers worldwide.

Income-statement information by business unit is available on Sempra Energy's Web site at http://www.sempra.com/downloads/1Q2007.pdf

<sup>&</sup>lt;sup>(1)</sup> Management believes "Income (Loss) before Interest & Taxes" (Operating Income plus Other Income, Net) is a useful measurement of our business units' performance because it can be used to evaluate the effectiveness of our operations exclusive of interest and income taxes, neither of which is directly relevant to the efficiency of those operations.

<sup>&</sup>lt;sup>(2)</sup> Net Interest Expense (Income) includes Interest Income, Interest Expense and Preferred Dividends of Subsidiaries.
